# LYVIK · MINI SKID STEER ATTACHMENT PLANNING SHEET

Planning reference only. Model identity, dimensions, compatibility, price, lead time and availability require written confirmation. A listing name or image is not a specification.

| SKU | Attachment | Best for | Carrier checks | Commercial status |
|---|---|---|---|---|
| AT01 | Standard / grading bucket | Load, carry and grade loose material | Mount, hydraulic flow and carrier capacity | Quote required |
| AT02 | Hydraulic auger | Post holes, planting and small foundations | Mount, hydraulic flow and carrier capacity | Quote required |
| AT03 | Hydraulic trencher | Services, drainage and narrow trenches | Mount, hydraulic flow and carrier capacity | Quote required |
| AT04 | Grapple bucket | Grab and move irregular material | Mount, hydraulic flow and carrier capacity | Quote required |
| AT05 | Pallet forks | Pallets, logs and repeated handling | Mount, hydraulic flow and carrier capacity | Quote required |
| AT06 | Hydraulic breaker | Break concrete, rock or compacted material | Mount, hydraulic flow and carrier capacity | Quote required |
| AT07 | Sweeper attachment | Paved surfaces, yards and cleanup | Mount, hydraulic flow and carrier capacity | Quote required |
| AT08 | Brush cutter | Grass, brush and overgrown edges | Mount, hydraulic flow and carrier capacity | Quote required |
| AT09 | Stump grinder | Stump removal in tight access | Mount, hydraulic flow and carrier capacity | Quote required |
| AT10 | Snow blade / blower | Snow clearance and paths | Mount, hydraulic flow and carrier capacity | Quote required |
| AT11 | Excavator ripper | Loosen compacted soil and roots | Mount, hydraulic flow and carrier capacity | Quote required |
| AT12 | Tilting bucket | Angle and trim with a bucket | Mount, hydraulic flow and carrier capacity | Quote required |
| NEW-MIX | Concrete mixer | Mix and place concrete on site | Mount, hydraulic flow and carrier capacity | Quote required |
| NEW-MUL | Mulcher | Mulch brush and vegetation | Mount, hydraulic flow and carrier capacity | Quote required |
| NEW-RAKE | Power rake | Level and prepare soil | Mount, hydraulic flow and carrier capacity | Quote required |
| N55 | Skid steer backhoe | Compact backhoe digging | Mount, hydraulic flow and carrier capacity | Quote required |
| N34 | Dozer blade | Push, grade and move material | Mount, hydraulic flow and carrier capacity | Quote required |
| N35 | Rotary harrow | Prepare seedbeds and level soil | Mount, hydraulic flow and carrier capacity | Quote required |
| N56 | Log splitter | Split logs and firewood | Mount, hydraulic flow and carrier capacity | Quote required |
| N57 | Vibratory plow | Install cable and pipe without trenching | Mount, hydraulic flow and carrier capacity | Quote required |
| N58 | Bale spear | Lift and move round bales | Mount, hydraulic flow and carrier capacity | Quote required |
| N59 | Tree shear | Cut trees and heavy brush | Mount, hydraulic flow and carrier capacity | Quote required |
| N32 | Forestry winch | Pull logs and clear stuck material | Mount, hydraulic flow and carrier capacity | Quote required |
| N27 | Fence-line brush cutter | Cut brush along fences and boundaries | Mount, hydraulic flow and carrier capacity | Quote required |
| N63 | FFB hydraulic grabber | Grab and load oil palm FFB | Mount, hydraulic flow and carrier capacity | Quote required |
